The REGISTER is sorry to hear that Mr. and Mrs. B. S. Gregory in St. Louis have both been in poor health recently.

The old brewery building in north Ironton is being torn down. It is one of the oldest structures in Ironton and was built before the war.

The Ironton Battery and Tire Company is arranging to open for business in the I. O. O. F. store room. Mr. C. C. Powers is manager.

Mr. and Mrs. G. W. Signer of Arcadia are receiving congratulations over the arrival of a baby girl at their home Friday, March 5, 1920.

For Sale—A mare, six years old, 15 hands high. Price, \$150 cash.

FRANK HAJOS, "Brown Row," Pilot Knob, Mo.

Geo. Wendell has bought the store building on Main Street across from the Academy of Music, from H. B. Jones and will convert it into a garage.

At the school election in the Ironton district in April two directors are to be chosen to succeed Messrs. J. S. P. Ringo and E. C. Tual, whose terms expire.

John A. Probst, who recently sold his farm on Crane Pond, last week purchased what is known as the Miller place on Marble Creek from John Thompson.

O. Collins has sold the store buildings occupied by T. A. Swearingen and A. Doyle—a part of the old American Hotel building—to J. R. Baldwin and Jos. C. Forchae.

Dr. E. R. Zimmer, dentist, recently from Williamsville, is arranging to open an office in the rooms over Gay & Kindell's store, the quarters so long occupied by Dr. Houston.

It is said that some of the girls (beg pardon, young ladies) were caught "copying" in the High School examinations last week. O, girls, for shame! TATTLER.

The Democratic women of Arcadia Township are requested to meet at the courthouse Friday afternoon, March 19th, at 3:30 o'clock. Business of importance. All are urged to attend.

The Hot Time Minstrel was accorded fair patronage at Bellevue last Friday night, considering the horrible condition of the roads, which made travel very disagreeable, to say the least.

Miss Blanche O'Neal, of Franklery, who has not been in the best of health the past few months, will leave soon for Los Angeles, California, to remain some time with her sister, Mrs. Nettie Bellis.

Married—At St. Louis, Mo., Sunday, February 22d, 1920, Mr. Louis Lueddecke and Miss Agnes Bush—both formerly of Iron county. The REGISTER wishes them both long life and happiness.

*For Sale—A 11-room cobblesone bungalow, suitable for a summer hotel, on Arcadia Heights; good well and water system in the house; four acres of land. Apply to J. D. Vance, Arcadia Heights, Ironton, Mo.

Ten Dodge cars, driven from Detroit, rolled into the valley just before the heavy rains last week and were housed in one of the Rosentreter barns in north Ironton. The cars belong to the Dodge dealer at Poplar Bluff.

Superintendent Hanson apprehends that there will be great difficulty in securing a sufficient number of teachers to conduct the schools of Iron county the ensuing year. The same conditions seem to exist the nation over.

The April term of circuit court convenes April 5th.

There has been an abundance of rain the past week. Last Thursday about dark the valley and vicinity had a veritable deluge and the creeks and branches were out of their banks. The roads were damaged considerably. The precipitation for the week was 3.14 inches.

Avery Tate of Centerville, and his son-in-law, D. R. Wade, of Edgehill, have purchased a farm ten miles north of Edgehill, in Iron County, and will move to it next week. The farm has 200 acres of land in cultivation and is said to be a good farm. We did not learn the price paid.—Reynolds Outlook.

Recorder Hawkins issued the following marriage licenses the past week:

Ansel Pinkley of Monterey and Lillie B. Conway of Bellevue.

Warner A. Gordon and Ethel Wells of Bixby.

Edgar Lewis and Macy Charlton of Annapolis.

Ed Young of Minimum and Eva King of Arcadia.

Few people in the community have any conception of the volume of timber business transacted in the valley. More timber, it is said, is received at the Arcadia yard alone than at any loading point on the railroad between St. Louis and Little Rock. Rarely a time that there is not as much as \$25,000 worth of lumber, ties and props on the yard at Arcadia. And yet they told us the timber was "all gone" forty years ago.

The editor acknowledges with thanks the receipt of an invitation to the Piano Recital of Miss Nellie Nichols at the Arcadia College Auditorium last Sunday evening. It was my misfortune that I was unable to attend, for I know from past experience how delightful are such occasions in this institution. My good wishes go to the Ursuline Sisters and their fair pupils, accompanied with the hope that at the next entertainment I may be so fortunate as to be there to see and enjoy.

The Bank of Arcadia Valley has contracted to purchase the road bonds issued by Union Township. The bonds draw six per cent. interest and the bank agrees to pay a premium of \$15 on each thousand dollars' worth of bonds purchased. An issue of \$35,000 in bonds was voted by the township, but it is now thought that not more than \$25,000 of the amount will be issued. Since Union township voted the bonds the county has declared for a bond issue for roads, and the township organization does not think it will be necessary to issue bonds to the amount originally estimated.

From an article taken from last week's Fredericktown Democrat-News and printed in this week's REGISTER it will be seen that a row is again on over the threatened demolition of the dam across the St. Francis river by State Game Warden Birmingham. Without going into the merits or demerits of the question at issue, a reading of the article from the Democrat-News will leave the impression that the chief object of the writer was to throw bouquets at Sheriff Chapman and bricks at the Game Warden. If the dam at the Silver Mine is in violation of the law it should be done away with. That's all there is to it.

The power house of the Big Muddy Coal & Iron Company at Pilot Knob that supplied the power for the operation of the compressor and other machinery in the mines was destroyed by fire at an early hour last Saturday morning. The loss on building and machinery is between \$15,000 and \$20,000, partly covered by insurance. The fire was discovered by the mail carrier in Pilot Knob about 4:30 o'clock. The officials are at a loss to understand how a fire could occur at that hour as there was no fire in the building since the evening previous. With the power house destroyed there is only work for a limited number of men and the force in the mines has been somewhat reduced. Mr. Arthur Huff went to St. Louis Sunday to confer with the officials of the company about rebuilding the power house. It is probable the plant will be rebuilt, but nothing definite has been yet determined on.

From the Ironwood, Michigan, News-Record of March 6th: "News was received in Ironwood this week of the death of George W. Tangye at Seattle, Washington, Tuesday, March 2. Pneumonia was the cause of his demise. Deceased was well known in Ironwood. He is survived by a wife and two children, Preston and Margaret. Mr. Tangye's mother, Mrs. E. Tangye, is a resident of Ironwood, as also are two of his sisters, Mrs. Ernest Dear and Mrs. Thomas Knowles; Mrs. C. L. Bishop of Butte, Mont., and Mrs. Robert Wilson of Oaxaca, Mexico, are also sisters of the deceased; a brother, W. H. Tangye, resides at Valedon, New Mexico. The deceased had frequently visited in Ironwood and had many friends here who will regret to hear of his death." People who lived in Ironton in the early eighties will remember the Tangye family. The deceased was born here 35 years ago.

The civil service examination advertised to be held in Arcadia last Saturday for applicants to fill a contemplated vacancy in the position of postmaster at Arcadia was "called off" and no examination held. The assistant postmaster at Flat River arrived in the valley bright and early Saturday morning to conduct the examination, but when he reached Arcadia Miss Blanche B. Evans, the postmistress, informed him that she had reconsidered the matter of resigning as postmistress, and had telegraphed the department at Washington withdrawing her resignation. On receiving this information the Flat River man concluded there would be no vacancy at Arcadia and it would be useless to proceed with the examination. The following applicants for the place intended to take the examination: Miss Annie Smith, Marble Creek, G. V. Signer and Mrs. R. C. Blanton, Arcadia. It is said that none of the applicants insisted on the examination being held after ascertaining that the present incumbent desired to retain the position.

Piedmont Journal-Banner: "That the largest iron washer or concentrator in the Missouri iron belt is to be located at Williamsville seems now assured. The Mid-Continent Iron Company, of Midco, has proposed to Williamsville that if a site of twenty acres, already agreed upon, in the large field belonging to W. L. Holladay, be furnished the Company, that an iron washer will be immediately built and operated which will directly and indirectly furnish employment to a large number of men. The cost of constructing and equipping the washer will require an expenditure of more than \$100,000. The Williamsville people are disposed to look very favorably on the offer and no difficulty is anticipated in raising the amount necessary to acquire the site. The cost of the site will be \$2,500. Williamsville is the logical location for a washer of the capacity which will be built, and from the immense banks of iron ore immediately contingent to Williamsville, due to the favorable railroad facilities, ore can be easily and cheaply brought to the town from four directions. It can be expected that the Williamsville enterprise will revive mining operations near Piedmont, Mill Spring and Greenville. A meeting of Williamsville citizens has been called for this week and it will be determined whether the funds necessary to acquire the proposed site will be furnished."

FOR SALE—Good mare, eight years old, May 2; Weight about 1000 lbs. Denmark breed. Guaranteed to work any place. Price, \$90.00, six months' time. Apply to owner, one and one-half miles east of Ironton.

The Josephine Club.

Eight young business women formerly of Ironton, together with twenty others, engaged in business in St. Louis, and assisted by six prominent, wealthy society women have formed a club, which they call Josephine Club. The Josephine Club is located at 28 Benton place, is a very pretty part of the residence district of South St. Louis, near Lafayette Park. They have a large, palatial house, where they enjoy all the pleasures and privileges of home. Frank Reagan and Marion Huff will go to Cape Girardeau Friday to debate with the High School team there.

The High School seniors will begin work on their play within the next week.

We are now starting the last quarter's work in school. The results of the year's work will soon be disclosed. These results depend upon the work and attitude of patrons, teachers and pupils. Nothing of any great importance can be accomplished without the co-operation of all in an energetic and efficient manner. More home study must be done. Tardies, irregular attendance and truantries must be reduced to a minimum.

The Seniors are beginning work on commencement exercises.

He has good prices on making and hauling ties and props; also good timber to work in. Ten years' work. For full information write, call, or see EDW. MASTERSON, Ironton, Mo. Phone 191.

Baptist News and Notes.

The facts that last Sunday was a beautiful day and that the "flu" has disappeared from our community contributed to the increased attendance at the Bible School and the morning worship. It is very encouraging to see "new faces" in the audience. Strangers, as well as neighbors and friends, who seldom or never attended the services before, have been dropping in lately. The pastor needs no explanation of the larger attendance and interest in the worship when he sees the deacons and other members at the church door and in the aisles "giving the glad hand."

Reader, if you are a member of the church, you know that it gives you a warm glow at the heart to see those who seldom attend worship, but how are they to know it unless you tell them?

Let everybody come next Sunday to help us prepare for the special program the Sunday following.

Easter Eggs for Baptist Home.

(Lead Belt News.)

No doubt many times your sympathies have been touched because of the helpless condition of some aged person, and wish that in some way you might render assistance to better their condition. May I suggest to all Baptist, and their friends, that a golden opportunity is now offered you to carry out the above wish. Perhaps you know of the Baptist Home, beautifully located at Ironton, Missouri, where a number of the helpless aged Baptists are being cared for in a home-like way that makes them feel like they are not cast away in their old days. This institution is being successfully run in a simple, but very efficient way, and is doing untold good.

Now as to the way you may help, let each family save the eggs your hens lay during a Sunday in April and send them to the Baptist Home, Ironton, Missouri, or better still let several families group themselves together and send the eggs, or sell them and send the amount they bring to the Home. If some one in each Church will ask their friends to join them and give the one Sunday's eggs or the price of same, you will be happily surprised at the amount of good you will do and the pleasure you get out of it.
